Tychean's maiden drill start on Kambalda gold project

Tychean Resources Ltd (formerly ERO Mining Ltd) (ASX: TYK) (Tychean or Company) is pleased to announce that it has commenced its maiden drilling program on its 100% owned Valley Floor Gold Prospect located approximately 10 kms south of the town of Kambalda, on Lake Lefroy, in the Eastern Goldfields of Western Australia.

This Initial Air Core drilling program of approximately ~4,000 metres is essentially Reconnaissance Drilling to test the lake sediment/basement interface and basement lithologies within an area of prospective interpreted structures for gold mineralisation at the Company's Valley Floor Gold Prospect,

The drilling program is expected to run for approximately two weeks with results expected by November 2013.
