Proposed Share Consolidation

Tychean Resources Limited (ASX:TYK) (**Company**) is pleased to announce that it intends to seek approval for a 1 for 10 consolidation of the capital of the Company (**Consolidation**) at the Company's annual general meeting to be held on 21 October 2015.

The Consolidation applies equally to all shareholders and as such, individual shareholdings will be reduced in the same ratio as the total number of shares (subject to rounding). Accordingly, the Consolidation will have no effect on the percentage interest in the Company of each shareholder.

The Company currently has approximately 2.5 billion shares on issue, which is relatively large for a company of its size. The Consolidation will reduce the number of shares on issue to approximately 250 million, creating a more efficient capital structure.

Should the Consolidation be approved, the number of options on issue and the exercise price of those options will also be adjusted in accordance with the ASX Listing Rules.

Further details in relation to the Consolidation will be provided to the Company's shareholders in the notice of annual general meeting, which will be mailed to all shareholders.
